

# Staff Report

for the Administrative Practices Committee Meeting of January 8, 2020

**TO:** Administrative Practices Committee  
**FROM:** Remleh Scherzinger, SDA, MBA, P.E., General Manager  
**DATE:** December 24, 2019  
**SUBJECT:** Establish District Policy 5300 - Standing Committees

## ***ADMINISTRATION***

### **RECOMMENDATION:**

Review and discuss proposed District Policy 5300 - Standing Committees, and advance a recommendation to the Board of Directors as appropriate.

### **BACKGROUND:**

Members of the Board of Directors have requested the development of a District policy defining the roles and responsibilities of the District's standing committees and ongoing Ad Hoc committees, as such a policy does not currently exist.

Much of the District's work is done through its committees, which are designed to undertake work delegated by the Board and streamline the approval process. By way of their work, committees have the ability to enhance productivity and expand transparency regarding the District's decision-making processes.

Establishment of the proposed policy will better identify the purpose, assignment, membership, activities, and regular meeting times of committees.

This item is in alignment with Goal Number 1 of the District's Strategic Plan by promoting efficiency and proactive management.

**BUDGETARY IMPACT:** None

## POLICY MANUAL

**POLICY TITLE:** Standing Committees

**POLICY NUMBER:** 5300

**5300.1** Purpose: To establish the roles and responsibilities of the District's standing committees and ongoing Ad Hoc committees. Much of the District's work is accomplished through its committees. These committees are designed to undertake work delegated by the Board in an effort to streamline the approval process. By way of their work, committees have the ability to enhance productivity and expand transparency regarding the District's decision-making processes.

By utilizing a subdivision of the Board to work with staff on various initiatives, the District can ensure that those initiatives are being developed routinely with direction from a subdivision of the Board. It further ensures that Items brought before the Board have the necessary quality, consistency, and continuity to ease decision making when those initiatives are considered by the full Board.

Transparency of decision-making is an important function of the Committees as they are an additional working space for the District. These committees provide an opportunity for the public to observe and provide input into the Districts' operations. Committees also offer the opportunity for the public-at-large to better understand District processes and decision-making metrics.

**5300.2** Assignment: The Board President will prepare the assignments consistent with this policy to be approved by the Board at the first meeting in January.
