

Recreation Activities Report

January 18, 2021 – February 16, 2021

Scotts Flat Campground

Projects in Progress or Completed:

- Staff is working on the retaining wall replacement at Scotts Flat boat launch/marina area. The weather has slowed us up a bit but we are at a point where the weather and water level will not affect or harm the progress we have made so far. This has been a team effort between NID's Maintenance, Hydro, Engineering and Recreation Departments
- Staff has also been working on the camp host houses at Scotts Flat and Orchard Springs. The Scotts Flat house needed electrical work, new water heater, front and back porch repair and replacement of a few light fixtures. At Orchard Springs, staff has fixed bathroom leaks and replaced bathroom and kitchen flooring
- With the past couple of storms, staff and camp hosts have been busy keeping up on the clean-up of down trees, limbs, pine needles and snow
- Scotts Flat, Orchard Springs and Long Ravine Campgrounds will open back up for winter camping on March 1st. The Regional Stay at Home Order was lifted on January 12th. Recreation had decided to remain closed for a little longer just in case another shutdown occurs. Since this has not happened, we feel confident about reopening at the time

Future Projects:

- Upgrade the play area

Orchard Springs Campground

Projects in Progress or Completed:

- Included with Scotts Flat

Future Projects:

- Order picnic tables and umbrellas for the store picnic area
- Install a shade structure over the picnic and play area

Long Ravine Campground

Projects in Progress or Completed:

- Included with Scotts Flat

Future Projects:

- Develop the picnic area above the boat slip area

Peninsula Campground

Projects in Progress or Completed:

- Included with Scotts Flat

Future Projects:

- Creating a day-use/swim area

Upper Division, Jackson Meadows Campground

Projects in Progress or Completed:

- Upper Division has been closed since November 1st

Future Projects:

- Pre-season tree work
- Tree work at Sawmill dispersed sites

Combie Reservoir

Projects in Progress or Completed:

- Combie's water level is low; boat owners have pulled their boats off their docks until next season

Future Projects:

- Have Recreation staff on the lake a couple times a week (during the summer months) to help educate boaters and users on NID's lake/reservoir rules

Greenhorn Campground

Projects in Progress or Completed:

- The Liserra's (concessionaire), like us, are prepping for the 2021 camping season

Future Projects:

- Continue to help the Liserra's when necessary and feasible. It's nice to work as a team
- Help the Liserra's with the planning and replacement of the sewer pump system at Greenhorn
