

# Staff Report

for the Board of Directors' Meeting of March 24, 2021

**TO:** Board of Directors

**FROM:** Marvin Davis, MBA, CPA, Finance Manager/Treasurer  
Debbie Martin, CPA (inactive), Controller

**DATE:** March 15, 2021

**SUBJECT: Quarterly Budget vs. Actual & Reserve Report**

***FINANCE***

---

---

## **RECOMMENDATION:**

Receive and file the updated quarterly budget vs. actual and reserves report for the period ending December 31, 2020.

## **BACKGROUND:**

Staff presented the initial quarterly report for the period ending December 31, 2020, at the February 24<sup>th</sup> Board meeting. The initial report estimated the Water Fund's unrestricted available cash at \$18.8 million. Staff performed a more thorough audit of the figure and now believes a better estimate to be \$14.4 million. The difference is caused by the accounting approach for the 2016A bond proceeds used for the Combie Project 6746, which began in 2016 and remains ongoing (page 29), and the actual cash balances in the accounting system. Implementation of the new ERP system will alleviate many of the financial reporting challenges we currently experience. In addition, staff updated the detailed quarterly reserve breakdown.

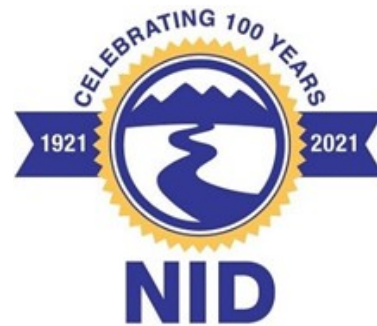

The monthly financial report is management's best estimate to determine if the operations of the District are progressing as planned. The cash balances presented in the year-end report are significant because they influence the 5-Year financial forecast used in the upcoming water rates discussion. Timely financial reporting achieves the District's first strategic goal by demonstrating proactive management of our physical, financial, and human resources.

**BUDGETARY IMPACT:** N/A  
/MD, DM

# Nevada Irrigation District

Fiscal Year 2020  
Monthly Financial Report  
December 31, 2020 updated

**Nevada Irrigation District**

Fiscal Year 2020: December 100% of Year - updated

Operating & Non Operating Budget: **All Divisions****Executive Summary: Currently, the District is at 100% of the year.**

The following pages provide schedules of the District's revenues, expenses, cash, and water demand for this year. The December 31, 2020 report analyzes the fiscal year's transactions. Actuals are contrasted against the District's budget and a year over year analysis is provided as the timing of receipts and expenditures are not linear. The analytical format assist the reviewer in determining whether operations are tracking appropriately. The District finished the year with net income of \$11.1 consisting of \$7.1M from operating and \$4M from non operating results. Prior year operating results are \$5.5M and non operating are \$6.1M for a total of \$11.6M.

**Revenues:**

**Operating:** Water revenues are 100.4% of budget compared to 96.7% for the prior fiscal year. When compared to prior year receipt levels, this amounts to an increase of \$6.7M driven by increases in operating transfer ins (\$4.8M), additional treated water (\$1.9M) and raw water sales (\$753K). Recreation campgrounds are 56.1% of budget compared to 98.6% for the prior fiscal year. Actuals receipts are down \$946K as refunds are given due to COVID. Hydroelectric revenues are 113.6% of budget compared to 120.5% for the prior year. Deer Creek revenues will commence after ownership transfer (approximately 3-6 months). Scotts Flat generation was delayed and some receipts maybe netted against PG&E power bills. Recording in this manner is noncompliant with GAAP and staff is correcting to reflect actual revenues. For 2020 and prior years, the District budgeted 85% of Hydroelectric revenues. For 2021, this practice is discontinued.

**Non Operating:** Water revenues are 95.3% of budget compared to 65% for the prior fiscal. When compared to prior year levels, this amounts to an increase of \$3.4M. The 2016A bond proceeds are coming in (\$8.3M), property tax receipts are \$524K higher while the Water Fund has received \$4.1M less in grant revenue and \$1.2M less in capital transfer ins.

**Expenses:**

**Operating and Non Operating:** Including encumbrances, current expenses are 83.3% of budget compared to 90.7% for the prior fiscal year. Excluding budgeted transfer outs, current spending levels (Actual + Encumbr) are less than prior (\$2.5M), being driven by less project spending (\$3.6M). There were no increases to the budget from reserves for the month of December and the District rolled over \$1.7M of its 2020 budget to 2021 due to COVID and other delays. The District has 219 budgeted FTEs and finished the year at 85.7% of its labor budget.

**Reserve Balances:**

Excluding Assessment Districts, fiscal year 2019 reserve balances are audited at \$94M. Current balances are approximately \$95.6M consisting of \$87.8M unrestricted and \$7.8 restricted. The District requisitioned the remaining 2016A Bond proceeds from its' restricted Bank accounts. Including prior commitments of the District (encumbrances), the unrestricted reserve balances are approximately \$69.8M.

**Water Consumption:**

The District's treated water consumption is up 9.8% from the prior year. The District's raw water consumption is up 4.5% from the prior year. The District's raw water demand commences in March.
