FINANCE

RECOMMENDATION:

Receive and file the quarterly budget vs actual report for the period ending September 30, 2020.

BACKGROUND:

Board policy and prudent oversight require frequent updates on the District's financial operations to ensure consistency with the fiscal spending plan. Finance prepares monthly updates to assist all departments in controlling costs.

The report provides an executive summary of the period to date activity and highlights significant transactions. The narrative segregates operating and non-operating revenues while analyzing expenses as a whole. Budgeted line item reporting ensures staff monitors actual and encumbrance spending for full compliance with procurement policy and procedures. In addition, we estimate cash balances and report treated and raw water consumption. A fiscal year-end forecast of revenues, expenses, and cash occurs during the next budgeting cycle, commencing in June.

Timely financial reporting achieves the District's first strategic goal by demonstrating proactive management of our physical and financial resources.
